INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Smoky Mountain Children's Home

Opinion

We have audited the accompanying financial statements of Smoky Mountain Children's Home (a nonprofit organization) which comprise of the statement of financial position as of August 31, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Smoky Mountain Children's Home (a nonprofit organization) as of August 31, 2025 and 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Smoky Mountain Children's Home and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Smoky Mountain Children's Home's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Smoky Mountain Children's Home's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Smoky Mountain Children's Home's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Smoky Mountain Children's Home's 2024 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated January 27, 2025. In our opinion, the summarized comparative information presented herein as of and for the year ended August 31, 2024, is consistent, in all material respects, with the audited financial statements from which it has been derived.

SMOKY MOUNTAIN CHILDREN'S HOME

Notes to Financial Statements

For the Years Ended August 31, 2025 and 2024

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Smoky Mountain Children's Home ("the Home") is a nonprofit organization that was chartered in the State of Tennessee in 1946. The Home's mission is to provide professional care and treatment for boys and girls referred for services due to emotional, behavioral, and life situations. The Home primarily serves at-risk children and teens, ages 5 to 17, through its residential and foster care programs located in Sevierville, Tennessee.

Basis of Accounting

The accounts of the Home are maintained on the accrual basis of accounting. Accordingly, revenues are recognized when earned and expenses are recorded when the obligation is incurred.

Financial Statement Presentation

Net assets, revenues, gains and losses are classified based on donor imposed restrictions. Accordingly, net assets of the Home and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor or certain grantor restrictions.

Net Assets With Donor Restrictions - Net assets subject to specific, donor or certain grantor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Liquidity

Assets are presented in the accompanying Statement of Financial Position according to their nearness of conversion to cash and liabilities according to the nearness of their maturity and resulting use of cash.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Home considers all unrestricted bank and similar deposits, demand accounts, money market funds and short-term investments with an original maturity of three months or less to be cash equivalents, except those held for long-term investment. The Home maintains bank accounts with balances, which, at times, may exceed federally insured limits. The Home has not experienced any losses to date.

Support and Revenue

Contributions are recorded as support when cash or other assets are received. Contributions are considered available for without donor restrictions use unless specifically restricted by the donor. Gifts of cash and other assets that are restricted by the donor for specific purposes are reported as with donor restrictions support, depending on the nature of the restriction. When a donor restriction expires, that is, when a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets without donor restrictions. Restricted grants and contributions whose restrictions are met in the same reporting period as they are received are reported as without donor restrictions support. Revenue from services is recognized when the service is rendered.

Contributions of property and equipment and other long-lived assets with explicit restrictions that specify how the assets are to be used, including cash contributed to acquire such assets, are recorded as with donor restrictions support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the expiration of donor restrictions is reported when the donated or acquired assets are placed in service.

Smoky Mountain Children's Home provides contracted services for the State of Tennessee Department of Children's Services for care of orphaned, abused juvenile justice system and other children in need of care services either with foster homes or housed on the Sevierville campus. Contracts with the State provide for monthly payments for each child based upon various care classifications. These contract revenues represent approximately 80 percent of Smoky Mountain Children's Home revenues.

SMOKY MOUNTAIN CHILDREN'S HOME

Notes to Financial Statements

For the Years Ended August 31, 2025 and 2024

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Accounts Receivable

Accounts receivable consist primarily of amounts due from the State of Tennessee for services provided by the Home related to the care and placement of foster children. Reimbursements from the State of Tennessee are based on approved placements and established rates. Accordingly, the amounts received fluctuate based on service levels and timing of billings. Accounts receivable also include amounts due from the Church of God International for program support. Funding from Church of God International varies based on availability of funds and timing of distributions. As of the statement date, management believes all accounts receivable are collectible, and no allowance for doubtful accounts has been recorded.

Investments

Investments are initially recorded at cost, if purchased, or, if donated, at fair market value on the date received. Investment securities are reflected at market value, and realized and unrealized gains and losses are recognized as changes in unrestricted net assets, unless restricted by the donor, in which case the amounts are reflected as with donor restrictions until expended according to the donors' stipulations.

Property and Equipment

Property and equipment are recorded at cost or estimated cost if actual cost is not available. Donated property and equipment are recorded at the estimated fair value at the date of receipt. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, which range from five to thirty-nine years. Assets under capital leases are depreciated over the shorter of their estimated useful lives or the term of the related lease. The Home generally capitalizes all expenditures for property and equipment in excess of \$2,500. Costs of maintenance and repair are expensed as incurred.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Costs are charged to program services, management and general and fundraising functions based on direct expenses incurred. Indirect expenses are allocated among the program and supporting services benefited.

Income Taxes

The Home is exempt from federal income taxes under section 501(c)(3) of the U.S. Internal Revenue Code, except on unrelated business income. The Home had no unrelated business income for the years ended August 31, 2025 and 2024. The Home's Return of Organization Exempt from Income Tax, Form 990, is open and subject to audit by the Internal Revenue Service generally for three years after the form is filed. The Home believes it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, the Home has evaluated events and transactions that occurred between August 31, 2025, and January 21, 2026, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Recent Accounting Guidance

The Financial Accounting Standards Board issued ASU-2016-14, *Presentation of Financial Statements for Not-for-Profit Entities*, modifying ASC 958. The Home has adjusted the presentation of its financial statements accordingly. The new standards change the following aspects of the Home's financial statements:

- The unrestricted net asset class has been renamed to net assets without donor restrictions.
- The temporarily and permanently restricted net asset classes have been combined to a single net asset called net assets with donor restrictions.
- The financial statements include a new note disclosure about liquidity and availability of resources (Note 2).

SMOKY MOUNTAIN CHILDREN'S HOME

Notes to Financial Statements

For the Years Ended August 31, 2025 and 2024

Note 2 - LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise of the following as of August 31, 2025:

Cash	\$	941,671
Accounts Receivable		618,233
Investments		<u>637,502</u>
Total Financial Assets	\$	2,197,406
Less those unavailable for general expenditures within one year due to donor restrictions:		<u>2,383,548</u>
Financial assets available to meet cash needs for general expenditures within one year	\$	<u>(186,142)</u>

Smoky Mountain Children's Home is substantially supported by the percentage of donations they receive from Church of God churches, as well as from other donors. As part of the Home's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. These funds could be drawn upon by the Home in the event of financial distress or an immediate liquidity need resulting from events outside the typical life cycle of converting financial assets to cash or settling liabilities.

Note 3 - DONATED GOODS AND SERVICES

Donated goods and services are recorded in the financial statements at the fair value of the goods and services received. Donated goods and services for the years ended August 31, 2025 and 2024, were as follows:

	August 31	
	2025	2024
Buildings & Improvements	\$ 0	\$ 200,000
Supplies	37,630	14,508
Total	<u>\$ 37,630</u>	<u>\$ 214,508</u>

Note 4 - PROPERTY AND EQUIPMENT, NET

The cost and related accumulated depreciation of property and equipment as of August 31, 2025 and 2024, consisted of the following:

	Balance 8/31/2024	Additions & (Deletions)	Balance 8/31/2025
Land and building	\$ 8,396,467	\$ 221,523	\$ 8,617,990
Furniture and equipment	1,450,125	44,345	1,494,470
Vehicles	542,728	57,971	600,699
	<u>\$ 10,389,320</u>	<u>\$ 323,839</u>	<u>\$ 10,713,159</u>
Less: Accumulated Depreciation	<u>(6,620,988)</u>	<u>(366,357)</u>	<u>(6,987,345)</u>
Property and Equipment, net	<u>\$ 3,768,332</u>	<u>\$ (42,518)</u>	<u>\$ 3,725,814</u>

As of August 31, 2025 and 2024, assets recorded under capital leases totaled \$580,908 with related accumulated depreciation of \$436,435 and \$356,785, respectively.

For the years ended August 31, 2025 and 2024, depreciation expense was \$384,027 and \$378,644, respectively.

Note 5 - CONCENTRATION OF CREDIT RISK

The Home maintains its cash balances in several local financial institutions in Tennessee. The balances at these financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. As of August 31, 2025, cash balances exceeded FDIC limits by \$34,353. Significant concentration credit risk may result from the fact that the Home has cash in excess of the FDIC coverage; however, the Home has not experienced any losses in such accounts.

SMOKY MOUNTAIN CHILDREN'S HOME

Notes to Financial Statements

For the Years Ended August 31, 2025 and 2024

Note 6 - INVESTMENTS

The Home has a single investment that is valued at fair market value. Accounting Standards Codification 820, *Fair Value Measurements*, requires that assets and liabilities stated at their fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, be classified into one of three levels. The levels are determined by the inputs used to measure the fair value. They are as follows:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
Observable input other than Level 1 prices, such as quoted prices, for similar assets or
- Level 2 - liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Below is a description of the inputs and valuation methodologies used for assets of the Home.

Investments in equity securities and debt securities with readily determinable fair values are carried at fair value based on quoted prices in active markets (all Level 1 measurements). Investments at August 31, 2025, consisted of the following:

<u>Investment Description</u>	<u>Level 1</u>
Equity Securities	\$ 613,633
Debt Securities	23,869
Total	<u>\$ 637,502</u>

Note 7 - ACCRUED LEAVE

Employees accrue between 40 and 160 hours of vacation leave, depending on length of service, with each full year of employment. Employees may accrue only the maximum days for which they are eligible based on their length of service. Any vacation leave over the maximum at August 31 expires. Upon resignation or termination, employees are entitled to any unused vacation leave that they have accumulated. Accrued vacation leave was \$3,000 at August 31, 2025 and 2024. Employees accrue 24 hours of personal leave with each full year of employment. Personal leave does not accrue year to year and all unused personal leave at August 31 is lost. Employees are not paid for unused personal leave upon resignation or termination.

Note 8 - NET ASSETS WITH DONOR RESTRICTIONS

Note 10 - CUSTODIAL FUNDS

For the benefit of the children, the Home maintains an account with funds received for children allowances. The funds in this account belong to the children, and children can make withdrawals at their discretion within specific guidelines. The balance as of August 31, 2025 and 2024, was \$36,079 and \$22,589, respectively.

Note 11 - MINERAL RIGHTS

The Home previously received a gift of land for property located in Bottineau County, North Dakota. The property was sold during the year ended August 31, 2012; however, the Home retained certain mineral rights on the property. The Home has entered into oil and gas leases with a petroleum company granting the petroleum company exploration and mining rights. The Home did not receive a lease bonus in the year ended August 31, 2020, related to the oil and gas leases but will receive a percentage of proceeds should oil, gas or other sellable resources be found on the property. No such discoveries had been made as of August 31, 2025. No value has been reported in the accompanying financial statements for the Home's mineral rights.

Note 12 - RETIREMENT PLAN

The Home sponsors, through the Church of God Benefits Board, a 403(b) retirement savings plan for its employees. Reporting on a calendar year, this defined contribution plan allows eligible, nonmanagement employees to contribute a percentage of their compensation on a tax-deferred basis, subject to a limit of \$23,500 per employee in 2025. These contributions are not matched by the Home. Under the same plan, the Home provides the 403(b) contributions for certain members of management on their behalf subject to IRS limitations.

Note 13 - FINANCE LEASES - OFFICE EQUIPMENT

The Home engages in finance leases for various office equipment (data equipment, phones and copiers) to support its operational activities. This equipment is essential for maintaining efficient administrative and operational functions within the Home. The finance leases are accounted for in accordance with ASC 842, *Leases*, which requires the recognition of right-of-use (ROU) assets and lease liabilities on the statement of financial position.

Lease Accounting Policy

For finance leases, the Home recognizes a ROU asset and a lease liability at the lease commencement date. The lease liability is measured at the present value of the lease payments, while the ROU asset is initially measured at the same amount as the lease liability, adjusted for any prepaid lease payments, lease incentives received, and initial direct costs. Amortization of the ROU asset is recognized on a straight-line basis over the lease term as part of depreciation and amortization expenses, and interest on the lease liability is recognized in interest expense.

Quantitative Disclosure

As of August 31, 2025, the details of the Home's finance lease obligations for office equipment are as follows:

- Right-of-use of assets related to office equipment: \$213,579
- Current portion of finance lease liabilities (office equipment): \$80,261
- Long-term portion of finance lease liabilities (office equipment): \$34,963

The total finance lease liability for office equipment represents the present value of future minimum lease payments.

For the fiscal year ended August 31, 2025, the finance lease cost associated with office equipment included:

- Amortization of ROU assets (office equipment): \$79,649
- Interest on finance lease liabilities: \$1,715
- Total finance lease cost for office equipment: \$81,364
